How to Create a PDF Report from the INX

This document outlines how to create a PDF report from the VIAVI INX-760 when there is no USB support. If the user has USB access on a PC, simply plug the INX into the PC via a USB cable and import the saved results

Equipment Requirements:
- VIAVI INX-760
  - FW version 1.24 or higher
    - https://inx700.updatemyunit.net/
- VIAVI Mobile Tech App (VMT)
  - FW version 5.5 or higher
    - Available on the App/Play Store
- VIAVI ReportPro SW install on a PC (windows based)
 - SW version 1.2.1 or higher
  - https://reportpro.updatemyunit.net/

NOTE:
This guide assumes there are saved results already on the INX-760 Probe Microscope.

Reports from INX with VMT and ReportPro

QUICK CARD

MOBILE APPLICATION DOWNLOAD

STEP 1: From Google Play Store or Apple App Store, download VIAVI Mobile Tech App (searching for "VIAVI Mobile Tech")

VIAVI Mobile Tech
